

Youth Evangelization Project

*parents/youth encouraged to
fill out on-line survey*

Catholic Extension grants were made available to Home Mission dioceses such as the Diocese of New Ulm to assist with catechetical curriculum,

and youth ministry programs and the involvement of Hispanic youth. There are four phases to the grant process; consultation, assessment, planning and implementation. The consultation phase consists of surveys and direct contact from diocesan

staff regarding the status of religious education and youth directed activities in the parishes and schools.
