7 Essential Modules

to combat faith decline

Are People Really Leaving Organized Religion - YES!

Successive PEW surveys (2007, 2012, 2014, 2019) have shown that participation in organized religion is on a steep decline. Young adults are particularly hard hit and 40% currently choose none as their religious affiliation. This is up from 26% in the original 2007 study. At this alarming rate 50% of millennials will be “nones” in 8 years.

Why I am Unaffiliated.

- “Learned about evolution when I went to college.”
- “Too many Christians doing ‘un-christian’ things.”
- “Religion is the opiate of the people.”
- “Rational thought makes religion obsolete.”
- “Lack of any sort of scientific or specific evidence of a creator”
- “I just realised somewhere along the line that I just didn’t believe it.”

August 2016 PEW Study

Responding to False Secular Myths

We address these four false secular myths that cause skepticism and loss of faith:

1. Science has proven that God does not exist
2. Suffering proves that God does not exist.
3. People are just atoms and molecules. There is no such thing as a soul.
4. There is no real proof that Jesus was Divine. His resurrection is just a story.

Bart Simpson and his buddy Milhouse help us delve into the issue of our soul.

7 Essential Modules to Build a Faith Platform.

Let us show you how our 7 Essential Modules can help your parish, school or home study group build a faith platform to stop this attrition. There are no other programs that address these faith killing issues. And such a powerful study now comes to you entirely FREE online.

Addressing Every Key Question

Essential 1: MEDICAL EVIDENCE OF A SOUL

We show evidence, from Near-Death Experiences (NDEs) and Terminal Lucidity (*a clarity of consciousness sometimes occurring shortly before death in persons with dementia, Alzheimer's, and irreversible brain damage*) that consciousness is not dependent on physical bodies or brains, and therefore, that we have souls that survive bodily death.

Essential 2: SCIENTIFIC EVIDENCE OF GOD'S EXISTENCE

We give evidence from the Big Bang, the BVG Theorem, and entropy that the universe had a beginning and thus a creation moment. We also review universal fine tuning that reveals the intelligence of the Creator.

Essential 3: PHILOSOPHICAL PROOF OF GOD'S EXISTENCE

We demonstrate using reasoning from **Thomas Aquinas, C.S. Lewis** and others, the logical necessity of God. We also discuss the divine attributes, the transcendentals, revelation, the Bible and science, and evolution.

Essential 4: PROOF OF JESUS' RESURRECTION AND DIVINITY

We present evidence from the Shroud of Turin and draw on the work of noted biblical scholars like N.T. Wright to provide evidence for the resurrection and divinity of Jesus.

Essential 5: WHY BE CATHOLIC?

We show that the Catholic Church is Christ's authentic living authority, and give evidence of miracles that demonstrate God's presence in the Church.

Essential 6: TRUE HAPPINESS

We explain the four levels of happiness (*pleasure, ego-gratification, contributive, and transcendent*) and show that only by properly ordering our desires for them can we attain the pervasive, enduring, and deep happiness that we truly desire and need.

Essential 7: WHY WOULD AN ALL-LOVING GOD ALLOW SUFFERING?

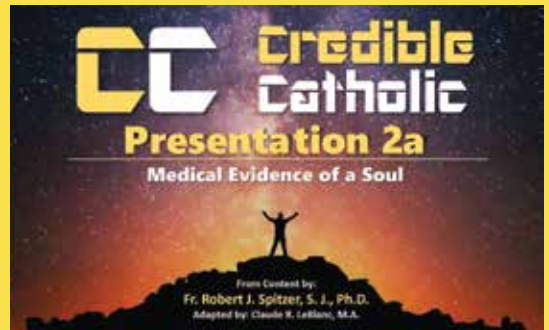

We illuminate the necessity, meaning, and benefits of suffering (*growing in patience, perseverance, humility, and love and ultimately attaining eternal joy for ourselves and others*).
